Going from Writer to Published Author

If your manuscript is selected for publishing, Newman Springs Publishing will guide you through the following steps to becoming published:

01

PUBLICATION DIRECTOR TO GUIDE YOU:

On day one, you will be paired with an experienced Publication Director who will explain all the details of the publication process, answer questions, give you expert advice, and lead you through the entire journey to becoming a published author.

02

COMPREHENSIVE BOOK EDITING TO FINE-TUNE YOUR WORK:

There is no substitute for the fresh perspective, experience, and insight a professional editor adds to an author's work. An editor ensures your work is ready for the marketplace. A copy editor will thoroughly proofread and edit your manuscript for syntax or grammatical errors, spelling errors, word usage, sentence structure, redundancy, and consistency. Your assigned editor will adhere to the Chicago Manual of Style standards to ensure your work's quality.

03

PAGE LAYOUTS THAT KEEP READERS CAPTIVATED:

A graphic page designer will create a page layout unique to your book so that the text, images, and tables/charts display on the page in a precise format to skillfully communicate your message. Our goal is to make each page turned a pleasing reading experience.

04

A COVER THAT PULLS BOOKLOVERS IN:

A book is often judged by its cover. Don't settle for a template-based jacket for your distinctive story. Our staff of talented and passionate designers will ensure that your book has a one-of-a-kind cover that speaks to the reader.

05

TOP-QUALITY BOOK PRINTING AND BINDING:

We offer hundreds of combinations of book sizes, paper types, and covers for our publications. We believe it's important to not only have great content, but to present it in a format that readers want to hold in their hands. All our printed book editions feature softcover, cloth bound/dust jacket, and case-bound options printed on high-quality, acid-free archival paper with crisp ink application that holds up for years to come.

06

MOBILE DEVICE INTEGRATION FOR THE ON-THE-GO READER:

Ebooks are here to stay, and for good reason—they provide a tremendous reading experience. We convert all our printed books into responsive, digital eBook editions that look great on any mobile device, tablet, computer, or eReader. Your book will be available in various digital formats on all major platforms such as Amazon, Barnes & Noble, and Apple iTunes.

07

ISBN AND BARCODE FOR EASY STOCKING BY RETAILERS:

Assigning a unique ISBN ensures that any retailer can easily order the book to place on their shelves. We will obtain an ISBN and barcode to allow the book to be stocked by both brick-and-mortar and eBook retailers.

08

YOUR STORY REMAINS YOURS:

Newman Springs Publishing guarantees that 100% of the ownership and rights will stay with the author. Our authors retain complete ownership of their original work and all parts that we create during the publication process.

09

AUTHOR-FOCUSED ROYALTY STRUCTURE:

It's no mistake that we purposely structure the royalty output to be author-centric. It's the right thing to do. The percentage of royalties earned by our authors is among the highest in the publishing industry.

Circulation & Distribution

Even the most spellbinding book has little chance of success if it is not made available to every retail book outlet in North America. For that reason, all Newman Springs Publishing hard copy books are distributed through the Ingram Content Network, the largest and most well-respected wholesaler of books in North America. Ingram has distribution agreements in place with nearly all retail stores in North America as well as Amazon Books, which means that your book may reap the benefits of those same distribution agreements. In addition, all Newman Springs Publishing books are made available in eBook format for distribution through Amazon (for the Kindle and Kindle Fire), Apple (for use on all iOS devices like iPhones and iPads) and Barnes & Noble (for use on Nook devices).

Marketing & Publicity

Social media campaigns are utilized by our publicity department in the hopes of attaining a viral response for a newly published book. News of your book release is posted instantaneously through our various social media accounts. Furthermore, a customized web page about you and your book is created and placed on our website for maximum impact.
